## REPORT OF INDEPENDENT AUDITORS

The Board of Directors  
Washington Square Health Foundation, Inc.  
Chicago, Illinois

We have audited the accompanying balance sheets of Washington Square Health Foundation, Inc. (the Foundation) as of September 30, 2007 and 2006, and the related statements of activities and cash flow for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Washington Square Health Foundation, Inc. as of September 30, 2007, and 2006, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**NOTE 1 - DESCRIPTION OF FOUNDATION**

The Washington Square Health Foundation, Inc. (the Foundation) was established from the proceeds of the sale of Henrotin Hospital (the Hospital) in 1985. The Foundation supports various charitable, scientific, and educational activities and does not solicit donations.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Foundation have been prepared on the accrual basis of accounting.

Basis of Presentation: The Foundation's financial statements have been prepared to focus on the organization as a whole and to present balances and transactions in accordance with the existence or absence of donor-imposed restrictions. The net assets and related activity of the Foundation are classified as unrestricted, as they are not subject to donor-imposed restrictions.

Cash Equivalents: Cash equivalents consist of short-term money market accounts, except such instruments that are part of the long-term portfolio are classified as investments.

Investments: Investment securities are reported in the financial statements at fair value. The Foundation's investment portfolio consists of money market funds, certificates of deposit, U.S. Government agency issues, common stocks, annuity contract, and bond fund. Therefore, the Foundation is subject to the risk of market volatility. Fair value of investments is determined based on quoted market prices. Investment transactions are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Program-Related Investments: In accordance with Section 4944 of the Internal Revenue Code, the Foundation is permitted to make investments that are related to its charitable, scientific, and educational activities. These investments, which are stated at cost, are anticipated to have a less than fair market value return. In the year of the investment, the Foundation receives a credit toward its distribution requirement related to its excise tax calculation (see Note 4). When the investment is recovered by the Foundation, it is required to recognize a negative distribution.

Furniture and Equipment: Office furniture and equipment are stated at cost. Depreciation is computed on the straight-line method over the estimated useful lives of the assets, which range from five to seven years. Maintenance, repairs, and minor renewals are charged to expense as incurred.

Operations: Operating results in the statement of activities reflect all transactions increasing or decreasing unrestricted net assets except for the net unrealized gain or loss on investments.

Actual results could differ from these estimates.
